SCC-CI: *New Normal Ready*

Written by: Niña Marie J. Makinano, LPT

Date Written: Aug.28, 2020

This school year 2020-2021 has made a lot of changes because of the pandemic, which is also known as COVID 19. However, this pandemic won't stop everyone from learning. That's why St. Cecilia's College- Cebu, Inc. prepared a lot for this school year to become a *new normal ready*.

In the Basic Education Department, which is composed of Pre-school, Elementary, Junior High School, and Senior High School, the Learning Management System (LMS) that is used is **VSmart School**, it's an online learning platform from a well-known publishing company which is known as Vibal Group, Inc. The faculty and the students can access this learning platform for their online classes using a web browser.

VSmart LMS aids the teachers in planning, implementing, and evaluating their lessons. Teachers can create their lessons, add assessments, both formative and summative, schedule a webinar, make announcements in the dashboard, record and compute grades, and so much more just by using only one platform.

On the other side, the school has also considered those students who have internet connection problem. They are advised to avail the modular distance learning wherein the learners will use learning modules in print prepared comprehensively by the teachers.

As of this writing, the Basic Education Department started already their online classes last August 24, 2020 while the College Department started last August 26, 2020 using Google Meet, Google Classroom, and Zoom.

Since the first day of online classes in the Basic Education Department even up to now, the technical staff from the IT Department have been monitoring and giving their all-out support to the teachers whenever there are unexpected technical issues and an immediate response has been given. Moreover, the teachers have been doing well based from the feedback of the students and parents. To sum up the first few days of classes, it was a huge success. Thus, SCC is new normal ready!
